Policy Manual Policy 4:

Programming

Introduction

OCB Board decided that a consistent programming policy should provide allocated days and time-slots of all programmes. This would ensure that a transparent pathway of policy and procedure was visible to members of the station's broadcasting community and to OCB Board's membership.

Purpose

This purpose of this policy is to illustrate the clear, methodical intent and implementation of programming training and programme placements within the station's *Programme Guide*.

With each trainee presenter receiving the same documented training, consistency of training is ensured. Further, an absent trainer's position can be filled by another trainer with no loss of consistency in training and outcomes.

Procedure

The procedure for OCB Board's programming policy is attached as part of its Policy Manual.

Responsibility

Subject to a member being officially approved and a fully paid-up member of OCB Board, he/she is eligible for presenter training, and upon completing it, is eligible to present a programme subject to a suitable slot being available within the programme list.
